1. Print this page.
2. Trace the outline of your guitar using a large piece of butcher paper (or equivalent).
 Hint - Use a small square or other straight-edge along the sides of the neck for an accurate outline.
3. Fill in the applicable dimensions shown in the included diagrams.
4. Use the blank areas of this page or a separate sheet of paper to note any additional information that may help us to design a proper case interior. More information is better than less.
5. Mail the tracing along with this page to:
